WHEN THE ABBREVIATION DESIGNATING A SPECIALTY IS FOLLOWED BY AN ASTERISK (*) IT INDICATES THAT THE PHYSICIAN CLAIMS HIS PRACTICE IS LIMITED TO THAT PARTICULAR BRANCH OF MEDICINE; WITHOUT THE ASTERISK, THAT HE IS ESPECIALLY INTERESTED IN, BUT DOES NOT LIMIT HIS PRACTICE TO THAT BRANCH. THIS INFORMATION CONCERNING SPECIALTY IS BASED ONLY ON PERSONAL DATA FURNISHED BY THE PHYSICIAN.

SPECIAL SOCIETIES (SEE PAGE 81)

The special societies are grouped under headings A, B, C, D, E, F and G (see page 81). The membership a physician holds in these societies is indicated as follows: Doe, John; Ill.1,'97; l'98; A5, F11—43 N. State St. The A5, F11 signify that Dr. Doe is a member of the American Surgical Association and the American Society for Experimental Pathology. Due to the rapid expansion under this head it was deemed advisable to list only societies that are National and Interstate in scope and name.

A—Surgery, Gynecology, Obstetrics and Anesthesia

1. American Association of Obstetricians, Gynecologists and Abdominal Surgeons.
2. American Gynecological Society.
3. American Orthopaedic Association.
4. American Proctologic Society.
5. American Surgical Association.
6. Southern Surgical Association.
7. Western Surgical Association.
8. Clinical Orthopaedic Society.
9. Pacific Coast Surgical Association.
21. Associated Anesthetists of the United States and Canada.
28. American College of Surgeons.
30. Society of Clinical Surgery.
31. Society of Neurological Surgeons.
32. New England Surgical Society.
36. American Association for Thoracic Surgery.

B—Ophthalmology, Otology, Laryngology and Rhinology

1. American Academy of Ophthalmology and Oto-Laryngology.
2. American Laryngological Association.
3. American Laryngological, Rhinological and Otological Society.
4. American Ophthalmological Society.
5. American Otological Society.
6. American Board for Ophthalmic Examinations.
7. American Board of Otolaryngology.
14. New England Ophthalmological Society.
15. New England Otological and Laryngological Society.
19. Pacific Coast Oto-Ophthalmological Society.
35. American College of Surgeons.
39. American Bronchoscopic Society.

C—Dermatology and Urology

1. American Association of Genito-Urinary Surgeons.
2. American Dermatological Association.
3. American Urological Association.
15. American College of Surgeons.
17. New England Dermatological Society.

D—Pediatrics and Internal Medicine

1. American Pediatric Society.
3. New England Pediatric Society.
6. Association of American Physicians.
7. Central States Pediatric Society.
8. American Gastro-Enterological Association.
9. American College of Physicians.
11. American Society for Clinical Investigation.
15. American Climatological and Clinical Association.

E—Neurology and Psychiatry

1. American Neurological Association.
13. American Psychiatric Association.
14. New England Society of Psychiatry.
15. Association for Research in Nervous and Mental Diseases.
16. American Psychopathological Association.
17. Central Neuropsychiatric Association.
20. American Orthopsychiatric Association.

F—Pathology, Bacteriology and Anatomy

1. American Association of Anatomists.
2. American Association of Pathologists and Bacteriologists.
11.—American Society for Experimental Pathology.
12. Society of American Bacteriologists.
13. American Society of Clinical Pathologists.

G—Roentgenology

1. American Roentgen Ray Society.
5. Radiological Society of North America.
7. American College of Radiology.
9. American Radium Society.

KEY TO ABBREVIATIONS, SYMBOLS, ETC.

Names in CAPITALS signify membership in the American Medical Association through membership in constituent state and component county organizations (DOE, JOHN).

⊕—Indicates Fellowship in the American Medical Association (DOE, JOHN ⊕). Commissioned medical officers of the Federal Government, while on active service are Fellows of the American Medical Association.

(H), (E), (P-M)—Indicate, respectively, homeopath, eclectic, physio-medic.

(col.)—Indicates colored.

b'75—Indicates year of birth (born 1875).

Md.7,'09—College and year of graduation (graduation from Johns Hopkins University Medical Department, Baltimore, in 1909). (For Medical College Key Table see inside front cover pages.)

l'89—Indicates year of license in state where located (licensed in 1889). Licenses in other states not shown.

N.B.'26—Indicates year of license by National Board of Medical Examiners.

l'Can.'27—Indicates year of license by Medical Council of Canada.

A1,3, B4, C15—Membership in special societies. (See Key Table, page 7.)

U.S.A.—United States Army.

U.S.N.—United States Navy.

U.S.P.H.S.—United States Public Health Service.

College positions held are indicated by abbreviated title of position followed by key number of college (Prof. Surg., Md.7).

◊—Information received does not show graduation from a medical college.

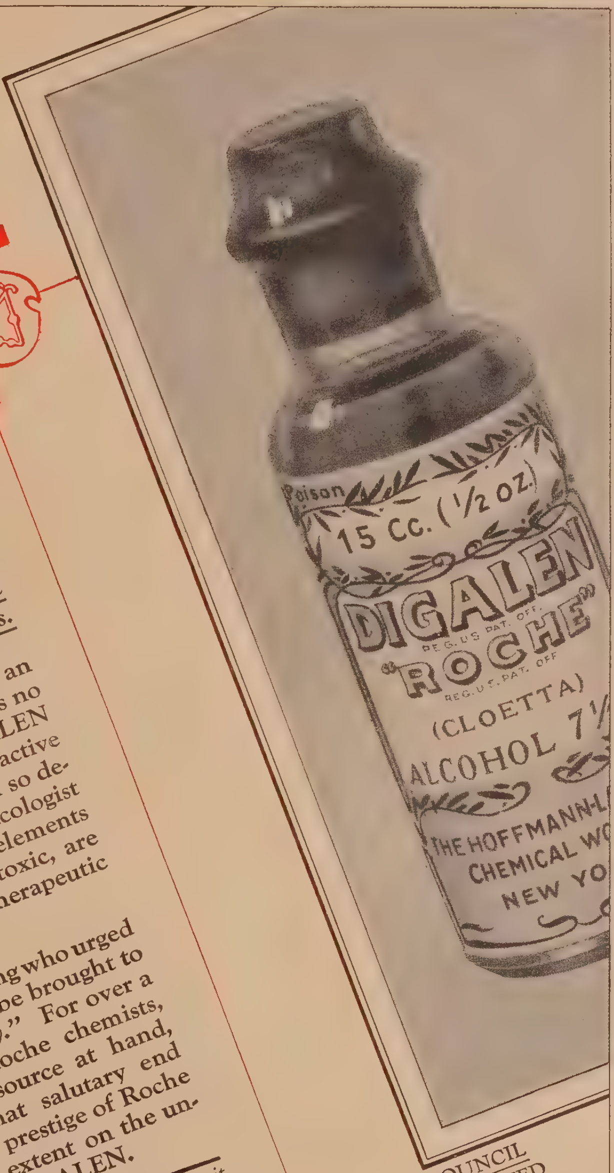
△—Graduates of institutions not listed as medical colleges by the Council on Medical Education and Hospitals of the American Medical Association.

l†—Licensed in state where located but year not known.

ǂ—Information received does not show license in state where located.

♁—In practice in state where located before passage of present law and licensed by filing diploma or by years of practice. In Texas, indicates registration under "Act of 1907"; in Oklahoma, reregistration under "Act of 1908."

‡—In Texas, indicates in practice and licensed under the old law, but not registered under the present law, "Act of 1907"; in Oklahoma, not registered under "Act of 1908"; in Indiana, as licensed in the state, but not registered in the county where practicing.



COUNCIL ACCEPTED

Prestige
is far more than assertion

Prescribers of DIGALEN constitute a roll call of many distinguished cardiologists.

DIGALEN is not a tincture or simply an ordinary extract of digitalis. There is no other preparation just like it. DIGALEN contains *only the beneficial* cardio-active glucosides of digitalis, isolated and so determined by the noted pharmacologist Cloetta, and none of the other elements in digitalis which, while also toxic, are nevertheless devoid of any therapeutic benefit.

It was the immortal Withering who urged that the dosage of digitalis be brought to a "*finer degree of accuracy.*" For over a quarter of a century Roche chemists, with every scientific resource at hand, have striven toward that salutary end and with success. The prestige of Roche is founded to a great extent on the unquestionable value of DIGALEN.

When a physician prescribes DIGALEN, be it by injection, in emergency, or by mouth for a chronic cardiac condition, he can do so content in the knowledge that it will give prompt action wherever the heart can respond to digitalis. . . .

DOSAGE

Orally: *8 to 32 minims 3 times daily until compensation is re-established. Reduce dosage gradually.*

By injection: *in critical cases, inject 2 to 4 cc. preferably into the vein, following with 2 cc. deep into the muscle every 2 hours.*

Digalen is put up in vials, ampuls, oral tablets and hypodermic tablets. . . .

MEDICAL PRACTICE ACT OF NEW YORK

Cahill's Consolidated Laws of New York, 1927, Annotated Supplement, Chapter 15.

Section 1250. DEFINITIONS: As used in this article:

1. "Department" means the education department of the state of New York.
2. "University" means university of the state of New York.
3. "Regents" means board of regents.
4. "Board" means the board of medical examiners of the state of New York.
5. "Medical examiner" means a member of the board of medical examiners of the state of New York.
6. "Medical school" means any medical school, college or department of a university, registered heretofore by the regents or hereafter by the department as maintaining a proper medical standard and as legally incorporated.
7. The practice of medicine is defined as follows: A person practices medicine within the meaning of this article, except as hereinafter stated, who holds himself out as being able to diagnose, treat, operate or prescribe for any human disease, pain, injury, deformity or physical condition, and who shall either offer or undertake, by any means or method, to diagnose, treat, operate or prescribe for any human disease, pain, injury, deformity or physical condition.
8. "Physician" means a practitioner of medicine.

Sec. 1251. QUALIFICATIONS: No person shall practice medicine, unless registered and legally authorized prior to September first, eighteen hundred and ninety-one, or unless licensed by the regents and registered under article eight of chapter six hundred and sixty-one of the laws of eighteen hundred and ninety-three, and acts amendatory thereto, or unless licensed by the department and registered as required by this article; nor shall any person be licensed to practice under this article who has ever been convicted of a felony by any court, or whose authority to practice is suspended or revoked by the department. The conviction of felony shall be the conviction of any offense which if committed within the state of New York would constitute a felony under the laws thereof. If a person convicted of a felony is subsequently pardoned by the governor of the state where such conviction was had, or by the president of the United States, the regents may, in their discretion, on application of such person, and on the submission to them of satisfactory evidence, restore to such person the right to practice medicine in this state, unless such conviction has been for misconduct in his professional capacity.

Sec. 1252. THE STATE BOARD OF MEDICAL EXAMINERS: The state board of medical examiners is continued. The members of said board now in office shall continue in office until the expiration of their respective terms. Said board shall consist of nine or more members who shall be appointed by the regents and who shall hold office for three years from August first of the year in which appointed. The regents shall annually appoint one-third of the members to fill the vacancies caused by expiration of terms of office, and may at any time fill vacancies on the board caused by death, resignation or removal from office. No person shall be appointed a member of the board of medical examiners who is not eligible to receive a license to practice from the department in accordance with the provisions of this article or of chapter six hundred and sixty-one of the laws of eighteen hundred and ninety-three and acts amendatory thereof and who has not been in practice in this state for at least five years prior to date of appointment. The regents may remove any member of the board of examiners for misconduct, incapacity or neglect of duty. The regents shall appoint a secretary to the board of examiners, who shall not be a member of the board, and who shall hold office during the pleasure of the regents and who shall receive an annual compensation of not less than four thousand dollars, payable from the fees received under this article. The secretary shall be a duly licensed physician.

Sec. 1253. CERTIFICATE OF APPOINTMENT; OATH; POWERS: Every medical examiner shall receive a certificate of appointment from the regents and before beginning his term of office shall file with the secretary of state the constitutional oath of office. The board, or any committee thereof, may employ counsel, shall have the power to compel the attendance of witnesses, and may take testimony and proofs concerning all matters within its jurisdiction. The board may, subject to the regents' approval, make all by-laws and rules not inconsistent with law needed in performing its duties; but no by-law or rule by which more than a majority vote is required for any specified action by the board shall be amended, suspended or repealed by a smaller vote than that required for action thereunder.

Sec. 1254. EXPENSES: Nothwithstanding the provisions of any other general, local or special law, all fees, fines, penalties and other moneys derived from the operation of this article shall be paid to the department and shall be available, together with the appropriations made from time to time by the legislature, for the payment of all proper expenses of the board including the salaries of the secretary of the board of medical examiners and his assistants, inspectors, examiners, any deputy attorney-general assigned for the purpose of enforcing the provisions of this article, and other employees, and their necessary disbursements, including the disbursement on bills duly rendered and audited for the administration of the committee on grievances. The unexpended balance of all such fees, fines, penalties and other moneys derived from the operation of this article remaining on December thirty-first of each year shall be paid into the state treasury.

Sec. 1255. OFFICERS; MEETINGS; QUORUM; COMMITTEES: The board shall annually elect from its members a president and a vice-president for the academic year, and shall hold one or more meetings each year pursuant to call of the regents. At any meeting a majority shall constitute a quorum; but questions prepared by the board may be grouped and edited, or answer papers of candidates may be examined and marked by committees duly authorized by the board and approved by the regents.

Sec. 1256. ADMISSION TO EXAMINATION: The department shall admit to examination any candidate who pays a fee of twenty-five dollars and submits evidence, verified by oath, and satisfactory to the department, that he

1. Is more than twenty-one years of age and a citizen of the United States or has declared his intention of becoming such citizen;
2. Is of good moral character;
3. Had prior to beginning the first year of medical study the preliminary general education required by the rules of the department, except where the application is for a license to practice osteopathy, in which case he must have had the general education required by the rules of the department preliminary to receiving the degree of doctor of osteopathy;
4. Had studied medicine not less than four school years, including four satisfactory courses of at least eight months each in four different calendar years in a medical school in this country or Canada registered as maintaining at the time a standard satisfactory to the department, or in a medical school in a foreign country maintaining a standard not lower than that prescribed for medical schools in this state. In lieu of the first two years of such medical course the department may accept evidence of graduation with the degree of bachelor or doctor of dental surgery from a registered dental school in which the requirements for admission were the same as those prescribed for a registered medical school, and in which the course of instruction included all of the minimum requirement prescribed for the first two years of the course in a registered medical school. New York medical schools and New York medical students shall not be discriminated against by the registration of any school out of the state whose minimum graduation standard is less than that fixed by the statute for New York medical schools. The department may accept as the equivalent for any part of the third and fourth requirements, evidence of five or more years' reputable practice, provided that such substitution be specified in the license, and, as the equivalent of the first year of the fourth requirement, evidence of graduation from a registered college course, provided that such college course shall have included not less than the minimum requirements prescribed by the department for such admission to advanced standing. The department may admit conditionally to the examination in anatomy, physiology, and chemistry, applicants nineteen years of age, certified as having studied medicine not less than two years, including two satisfactory courses of at least eight months each, in two different calendar years, in a medical school registered as maintaining at the time a standard satisfactory to the department, provided that such applicants meet the second and third requirements of this section;
5. Has received the degree of bachelor or doctor of medicine from some medical school in this country or Canada, registered as maintaining at the time a standard satisfactory to the department, or a medical degree or diploma from a medical school in a foreign country maintaining a standard not lower than that prescribed for medical schools in this state, or a license to practice medicine in a foreign country issued under requirements not lower than those exacted for a medical license in this state, unless admitted conditionally to the examinations as specified above.

The degree of bachelor or doctor of medicine shall not be conferred in this state before the candidate has filed with the institution conferring it the certificate of the department that before beginnig the first annual medical course counted toward the degree, he had earned a medical student qualifying certificate in accordance with the rules of the department.

6. Where the application be for a license to practice osteopathy, the applicant shall produce evidence that before nineteen hundred and ten he has studied osteopathy not less than three years including three satisfactory courses of not less than nine months each in three different calendar years in a college of osteopathy maintaining at the time a standard satisfactory to the department or that after nineteen hundred and ten he has studied not less than four years including four satisfactory courses of not less than eight months each in four different calendar years in a college maintaining at the time a standard satisfactory to the department.
7. Where the application be for a license to practice physio-therapy, the applicant shall produce evidence that he has studied physiotherapy not less than four years including four satisfactory courses of not less than seven months each in four different calendar years in a school or college maintaining a standard satisfactory to the department.

Sec. 1257. QUESTIONS: The board shall submit to the department, as requested, lists of suitable questions for thorough examination in anatomy, physiology, hygiene, chemistry, surgery, obstetrics, gynecology, pathology, bacteriology, and diagnosis. From these lists the department shall prepare question papers for all these subjects, which at any examination shall be the same for all candidates, except that the examination may be divided as provided in section twelve hundred and fifty-six.

Sec. 1258. EXAMINATIONS AND REPORTS: Examinations for licenses shall be given in at least four convenient places in this state and at least three times annually, in accordance with the rules of the department, and shall be exclusively in English. The regents may adopt a rule supplementing the written examination by oral, laboratory, and clinical examinations in the subject of diagnosis. Each written examination shall be conducted by a department examiner who shall not be one of the medical examiners. At the close of the written examination the department examiner in charge shall deliver the questions and answer papers to the board or its duly authorized committee. Each supplemental oral, laboratory, and clinical examination, if any, shall be conducted by the board of medical examiners. Without unnecessary delay, the board shall examine and mark the answers and transmit to the department an official report, signed by the president and secretary, stating the standing of each candidate in each subject, and in each supplemental oral, laboratory, and clinical examination, if any, his general average, and whether the board recommends that a license be granted. Such report shall include the written questions and answers, together with the specifications of the supplemental examinations, if any, and shall be filed in the public records of the department. If a candidate fails on the first examination he may have a second examination without fee. The department may, upon recommendation of the board of medical examiners, accept in lieu of its own examination, either in whole or in part, the certificate of the national board of medical examiners.

Sec. 1259. LICENSES: On receiving from the state board an official report than an applicant has successfully passed the examinations and is recommended for license, the department shall issue to him a license to practice according to the qualifications of the applicant. Every license shall be issued by the department under seal and shall be signed by the president and secretary of the board and by the officer of the department who approved the credentials which admitted the candidate to examination, and shall state that the licensee has given satisfactory evidence of fitness as to age, character, preliminary and medical education and all other matters required by law, and that after full examination he has been found properly qualified to practice. There shall be issued to applicants who, when admitted to the licensing examination, were citizens of a foreign country, and who had declared intention of becoming citizens of the United States, upon passing the examination, a license but upon failure of such licensee within six years from the date of such declaration of intention to furnish evidence of his having actually become a citizen his license shall terminate and his registration shall be annulled. Applicants examined and licensed by other state examining boards registered heretofore by the regents or hereafter by the department as maintaining standards not lower than those provided by this article and applicants who matriculated in a New York state medical school before June fifth, eighteen hundred and ninety, and who received the degree of doctor of medicine from a registered medical school before August first, eighteen hundred and ninety-five, may without further examination, on payment of twenty-five dollars to the department and on submitting such evidence as they may require, receive from them an endorsement of their licenses or diplomas conferring all rights and privileges of a license issued by the department after examination. The commissioner of education may in his discretion on the approval of the board of regents indorse a license or diploma of a physician from another state or country, provided the applicant has met all the preliminary and professional qualifications required for earning a license on examination in this state, has been in reputable practice for a period of ten years, and has reached a position of conceded eminence and authority in his profession. Any physician, who was actually engaged in the practice of medicine in this state prior to September first, eighteen hundred and ninety-one, and who failed to register, although eligible to do so at the time, or any physician, whose registration is not legal because of some error, misunderstanding or unintentional omission, may on the unanimous recommendation of the state board of medical examiners that he has submitted satisfactory proof of having complied with all the requirements prescribed by law at the time of his failure to register or his incomplete registration, receive from the department under seal a certificate of the facts which may be registered in accordance with this article. Before any license is issued it shall be numbered and recorded in a book kept in the office of the department, and its number shall be noted in the license; and a photograph of the licensee filed with the records. This record shall be open to public inspection, and in all legal proceedings shall have the same weight as evidence that is given to a record of conveyance of land.

Sec. 1260. REGISTRATION: 1. Every license to practice medicine shall, before the licensee begins to practice thereunder, be registered in a book kept in the clerk's office of the county where such practice is to be carried on, with name, residence, place and date of birth, and source, number and date of his license to practice. Before registering, each licensee shall file, to be kept in a bound volume in a county clerk's office, an affidavit of the above facts, and also that he is the person named in such license, and had, before receiving the same, complied with all the requirements as to attendance, terms and amount of study and examinations required by law and the rules of the department as preliminary to the conferment thereof; that no money was paid for such license, except the regular fees paid by all applicants therefor; that no fraud, misrepresentation or mistake in any material regard was employed by any one or occurred in order that such license should be conferred. Every license, or if lost, a copy thereof legally certified so as to be admissible as evidence, or a duly attested transcript of the record of its conferment, shall, before registering, be exhibited to the county clerk, who, only in case it was issued or indorsed as a license under seal by the department, shall indorse or stamp on it the date and his name preceded by the words, "registered as authority to practice medicine in the clerk's office of............. county." The clerk shall thereupon give to every physician so registered a transcript of the entries in the register with a certificate, under seal, that he has filed the prescribed affidavit. The licensee shall pay to the county clerk a total fee of one dollar for registration, affidavit and certificate. The department shall have power at any and all times to inquire into the identity of any person claiming to be a licensed or registered physician and after due service of notice in writing, require him to make reasonable proof, satisfactory to them, that he is the person licensed to practice medicine under the license by virtue of which he claims the privilege of this article. When the department finds that a person claiming to be a physician, licensed under this article is not in fact the person to whom the license was issued, they shall file their decision in writing in the office of the clerk of the county in which said person resides or practices medicine. Said decision shall be prima facie evidence that the person mentioned therein is falsely impersonating a practitioner or a former practitioner of a like or different name. If the department shall annul a physician's registration or revoke his license, they shall forthwith transmit to the clerk of the county or counties in which said physician is registered a certificate under their seal certifying that such registration has been annulled or license revoked, and said clerk shall, upon receipt of said certificate, file the same and forthwith mark said registration "annulled." Any person who shall practice medicine after his registration has been marked "annulled" shall be deemed to have practiced medicine without registration. Where the license of any person has been revoked, or his registration has been annulled, as herein provided, the department may, after the expiration of one year, entertain an application for a new license, in like manner as original applications for licenses are entertained; and upon such new application it may exempt the applicant from the necessity of undergoing any examination.

2. Every person now lawfully engaged in the practice of medicine within the state and every person hereafter duly authorized to practice medicine, shall, on or before January first of each year, apply to the secretary of the board of medical examiners for a certificate of registration with the department upon a blank form which shall be furnished by said secretary and shall pay at such time to said secretary a fee of two dollars.

3. A physician in making his first registration hereunder shall write or cause to be written upon the application blank so furnished by said secretary, his full name, postoffice and residence address, the date and number of his license and such other facts for the identification of the applicant as a licensed practitioner of medicine as the department may deem necessary and shall duly execute and verify the same before an officer empowered to take acknowledgments of deeds and deliver the same to said secretary by mail or in person. Subsequent registrations after the first registration need not be upon a sworn application by the applicant unless in a particular case the department may require that the application be under oath. The secretary of the board may employ and use in obtaining such subsequent registrations the assistance of the secretaries of duly incorporated medical societies who shall be empowered as representatives of the secretary of the board to receive and transmit such application blanks from physicians after the physicians' first registration, together with the license fees payable upon such applications.

4. The secretary of the board, on or before October first of each year, after the first registration, shall mail or cause to be mailed to every registered physician a blank form of application for registration addressed to the last known post-office address of such physician or may cause such blank form of application to be sent to such physician through the secretary of any duly incorporated medical society. The form of application shall be such as to contain proper spaces for the insertion by the applicant of the information required under paragraph two of this section.

5. The secretary of the board shall issue to any duly licensed physician in this state, upon his application therefor in accordance with the provisions hereof, a certificate of registration under the seal of the department for the year ensuing and ending December thirty-first.

Upon the first of March in each year, or within ten days thereafter, the secretary of the board shall publish and cause to be mailed to each physician registered hereunder in this state, a printed list of the duly registered physicians in this state and each such published list shall contain at the beginning thereof these words:

"Each registered physician receiving this list is requested to report to the secretary of the board and to the secretary of any duly incorporated county medical society existing in the county of his residence or to the secretary of any incorporated state medical society in which said county medical society is represented the name and address of any person known to be practicing medicine whose name does not appear in this registry. The names of persons giving such information will not be divulged."

The names of physicians which shall in any year be added to said list after the same shall have been so printed and distributed as aforesaid, shall be reported quarterly on request, to the secretary of any duly incorporated state medical society of which county medical societies are components.

6. Any licensed physician who fails or neglects to register by January first of any year as required by the provisions of this section shall be required to pay for registration, in addition to the fee of two dollars, a further fee of one dollar for each thirty days or part thereof, that he is in default; and any licensed physician who wilfully refuses or omits to register hereunder and engages in practice shall be subject to a civil penalty of one dollar for each day that such practice shall continue, and if the same continues for more than thirty days the penalty thereafter shall be five dollars per day so long as the said practice shall continue; said penalty shall be recoverable in an action by the attorney-general of the state maintained in the name of the people of the state of New York.

7. The penalties provided in this section for failure, neglect or omission of a duly licensed physician to register under this article shall be the only penalties that may be imposed therefor, and the legality of his license shall not be affected thereby, and such penalties may for good cause shown, in the discretion of the regents, be remitted or compromised.

8. Each licensed physician shall conspicuously display his proper registration certificate in his office at all times.

Sec. 1261. CERTIFICATE PRESUMPTIVE EVIDENCE; UNAUTHORIZED REGISTRATION AND LICENSE PROHIBITED: Every unrevoked certificate and indorsement of registry, made as provided in this article, shall be presumptive evidence in all courts and places, that the person named therein is legally registered. Hereafter no person shall register any authority to practice medicine unless it has been issued or indorsed as a license by the department. No such registration shall be valid unless the authority registered constituted, at the time of registration, a license under the laws of the state then in force. No diploma or license conferred on a person not actually in attendance at the lectures, instruction and examinations of the school conferring the same, or not possessed at the time of its conferment of the requirements then demanded of medical students in this state as a condition of their being licensed so to practice, and no registration not in accordance with this article shall be lawful authority to practice medicine, nor shall the degree of doctor of medicine be conferred causa honoris or ad eundem nor if previously conferred shall it be a qualification for such practice.

Sec. 1262. CONSTRUCTION OF THIS ARTICLE: 1. This article shall not be construed to affect or prevent the following: (1) The practice of medicine in this state in obedience with the requirements of the laws of the United States of any commissioned medical officer serving in the United States army, navy, or public health service while engaged in the performance of the actual duties prescribed for him under the United States statutes; or (2) the practice of medicine in a legally incorporated hospital by a duly appointed member of the resident staff or by an interne while actually serving in a state hospital or other state institution in which medical service is provided; or (3) the practice of medicine by any physician duly licensed to practice medicine in a neighboring state, who resides near a border of such neighboring state, whose practice extends into this state and who does not open an office or appoint a place to meet patients or receive calls within this state; or (4) any lawfully qualified physician in other states or countries meeting legally registered physicians in this state in consultation; or (5) the furnishing of medical assistance in case of emergency; or (6) the domestic administration of family remedies; or (7) the practice of chiropody, dentistry, veterinary medicine or optometry, provided those practicing are legally authorized and licensed under the laws of this state so to do; or (8) the practice of religious tenets of any church; or (9) the selling of lenses, artificial eyes, limbs, or other apparatus or appliances by any persons or manufacturer of the same.

2. This article shall be construed to repeal all acts or parts of acts authorizing conferment of any degree in medicine causa honoris or ad eundem or otherwise than on students duly graduated after satisfactory completion of a medical course not less than that required by this article as a condition of license.

A license to practice osteopathy shall not permit the holder thereof to administer drugs or perform surgery with the use of instruments. Licenses to practice osteopathy shall be registered in accordance with the provisions of this article, and the word osteopath be included in such registration; and such license shall entitle the holder thereof to the use of the degree D.O., or doctor of osteopathy.

It is further provided that any person who shall have been continuously and actively engaged in the practice of physio-therapy in the state of New York prior to May seventeen, nineteen hundred and twenty-six, and who shall present to the department satisfactory evidence that he or she is a graduate in good standing of a legally chartered school or college of physio-therapy within the United States which at the time of his or her graduation required a course of study including the subjects of anatomy, physiology, pathology, hygiene, chemistry, gynecology, and the theory and practice of physio-therapy, which facts shall be shown by his or her certificate and affidavit, or a veteran of the world war who was a resident of the state of New York at the time of his entrance into the military or naval service and who shall present to the department a certificate of disability from the United States Army, navy or marine corps and a certificate from the United States veterans' bureau that he was rehabilitated by such bureau as a physio-therapist, shall upon application and payment of a fee of ten dollars be granted without examination a license to practice physio-therapy provided application for such license be made within six months subsequent to May seventeen, nineteen hundred and twenty-six. All other persons who are now engaged in the study of physio-therapy and were so engaged prior to May seventeen, nineteen hundred and twenty-six, shall take an examination to be provided for by the department in the foregoing subjects after certification by certificate and affidavit to the department that he or she has graduated from an approved secondary school and from a physiotherapy school or college in the United States with credentials satisfactory to the department and from a course of satisfactory study of not less than two years.

Physio-therapy as used in this article is hereby defined as the use of actinotherapy, hydrotherapy, mechanotherapy, thermotherapy, and electrotherapy, exclusive of the x-ray.

The above définition shall not affect the use of such modalities by any duly licensed physician or osteopath.

A license to practice physio-therapy shall not permit the holder thereof to administer drugs or to practice medicine as defined in section twelve hundred and fifty of this article, except to treat diseases under the supervision of a duly licensed physician. Licenses to practice physio-therapy shall be registered in accordance with the provisions of this article and the words "registered physio-therapist" shall be included in such registration and such license shall entitle the holder to the use of the words "registered physio-therapist" or "licensed physio-therapist" and no others may use such words under the penalties of this article.

Sec. 1263. PENALTIES: 1. Any person who shall

(a) Sell or fraudulently obtain or furnish any medical or osteopathic diploma, license, record, or registration or aid or abet in the same; or

(b) Practice medicine under cover of any diploma, license, record or registration illegally or fraudulently obtained or signed or issued unlawfully or under fraudulent representation or mistake of fact in a material regard; or

(c) Advertise to practice medicine under a name other than his own or under a false or assumed name; and

2. Any person who not being then lawfully licensed or authorized to practice medicine within this state shall

(a) Practice or advertise to practice medicine; or

(b) Use in connection with his name any designation tending to imply or designate him as a practitioner of medicine; or

(c) Use the title "doctor" or any abbreviation thereof in connection with his name or with any trade name in the conduct of any occupation or profession involving or pertaining to the public health or the diagnosis or treatment of any human disease, pain, injury, deformity, or physical condition, unless duly authorized by law to use the same; and

3. Any person who during the time his license to practice medicine shall be suspended or revoked, or who shall be convicted of a felony, shall practice medicine, shall be guilty of a misdemeanor.

Such misdemeanor shall be punishable by imprisonment for not more than one year or by a fine of not more than five hundred dollars, or by both such fine and imprisonment for each separate violation, and for a second offense shall be punishable by both such fine and imprisonment.

4. All courts of special sessions within their respective territorial jurisdictions are hereby empowered to hear, try and determine such crimes without indictment and to impose in full the punishment of fines and imprisonments herein prescribed.

Such misdemeanors shall be prosecuted by the attorney-general in the name of the people of the state; provided, however, that nothing in this section shall be interpreted to prevent or impede the prosecution of such proceedings by the district attorney of any county having a population of five hundred thousand or more, when such proceedings shall have been initiated by him.

5. The display by any person of a sign or an advertisement bearing a name as a practitioner of medicine in any manner or by implication or containing any other matter forbidden by law shall be presumptive evidence in any prosecution or hearing of a holding out and of the practice of medicine by such person for each separate day such sign or advertisement is anywhere displayed by anyone; but such presumptions are rebuttable by the defense. It shall be necessary to prove in any prosecution or hearing under this article only a single act prohibited by law or a single holding out or an attempt without proving a general course of conduct, in order to constitute a violation.

6. In any action for damages for personal injuries or death against a person not licensed hereunder for any act or acts constituting the practice of medicine as herein defined, when such act or acts were a competent producing proximate or contributing cause of such injuries or death, the fact that such person practiced medicine as herein defined without being duly licensed shall be deemed prima facie evidence of negligence.

7. All violations of this article, when reported to the department and duly substantiated by affidavits or other satisfactory evidence, shall be investigated and if the report is found to be true and the complaint substantiated, the department shall report such violation to the attorney-general and request prompt prosecution of such violation. The regents may appoint not less than five or more than seven inspectors, to be paid as provided in section twelve hundred and fifty-four of this article, under the direction of the secretary of the board of medical examiners, to investigate promptly and thoroughly such violations and to procure where possible legal evidence of the same for prosecution of the offenders.

Upon the application of the committee on grievances to the secretary of the board of medical examiners the services of an inspector or inspectors may be furnished for making necessary investigations for said committee.

In the prosecution of any criminal action for violation of this article by the attorney-general or his deputy, said attorney-general or his deputy shall exercise all the powers and perform all the duties with respect to such actions or proceedings which the district attorney would otherwise be authorized or required to exercise or perform, and in such actions or proceedings the district attorney shall only exercise such powers and perform such duties as are required of him by the attorney-general or the deputy attorney-general so attending.

Sec. 1264. REVOCATION OF CERTIFICATES; ANNULMENT OF REGISTRATIONS: 1. Whenever any practitioner of medicine shall be convicted of a felony, as defined in section twelve hundred and fifty-one of this article, the registration of the person so convicted may be annulled and his license revoked by the department. It shall be the duty of the clerk of the court wherein such conviction takes place to transmit a certificate of such conviction to the department. Upon reversal of such judgment by a court having jurisdiction, the department, upon receipt of a certified copy of such judgment or order of reversal, shall vacate its order of revocation or annulment.

2. The license or registration of a practitioner of medicine may be revoked, suspended or annulled or such practitioner reprimanded or disciplined in accordance with the provisions and procedure of this article upon decision after due hearing in any of the following cases:

(a) That the physician is guilty of fraud or deceit in the practice of medicine or in his admission to the practice of medicine.

(b) That a physician has been convicted in a court of competent jurisdiction, either within or without this state, of a crime or misdemeanor; or

(c) That a physician is an habitual drunkard, or addicted to the use of morphine, cocaine or other drugs having similar effect, or has become insane; or

(d) That a physician is guilty of untrue, fraudulent, misleading or deceptive advertising; or advertising that he can cure or treat disease by a secret method, procedure, treatment or medicine or that he can treat, operate and prescribe for any human condition by a method, means or procedure which he refuses to divulge upon demand to the committee on grievances; or

(e) That a physician did undertake or engage in any manner or by any ways or means whatsoever to procure or to perform any criminal abortion or to violate section eleven hundred and forty-two of the penal law.

Sec. 1265. PROCEDURE IN DISCIPLINARY PROCEEDINGS: Within sixty days after this act shall take effect there shall be appointed in accordance with the provisions hereof a committee which shall be known as the committee on grievances which shall consist of ten members who shall be appointed by the regents in accordance with the provisions thereof.

1. The term of office of each of said members of said committee shall be five years, except that upon the taking effect of this act two members shall be appointed whose terms shall expire December thirty-first, nineteen hundred and twenty-seven; two members whose terms shall expire December thirty-first, nineteen hundred and twenty-eight; two members whose terms shall expire December thirty-first, nineteen hundred and twenty-nine; two members whose terms shall expire December thirty-first, nineteen hundred and thirty, and two members whose terms shall expire December thirty-first, nineteen hundred and thirty-one, and as such terms expire they shall be filled by the addition to said committee of two members whose terms shall be five years from the expiration of the terms of their predecessors. In the case of vacancy at any time by resignation, death or otherwise in the membership of the committee, the said vacancy shall be filled for the unexpired term in the same manner as provided for the original selection of such member.

2. Any duly incorporated state medical or osteopathic society having two hundred or more members may nominate candidates for members of such committee, not to exceed three nominations for each member of such committee to which such society shall be entitled hereunder. When the candidates are so nominated the regents shall appoint for the terms specified herein as they shall determine, said members of the said committee, so that said committee shall consist of four members who have been duly nominated by the Medical Society of the State of New York, two members by the New York State Homeopathic Society, one member by the New York State Osteopathic Society, and the regents upon their own nomination shall appoint three members of conspicuous professional standing. Each member of the said committee shall be a duly licensed physician of this state.

3. The members of said committee shall serve without compensation and shall annually, within ten days after the first day of January of each year, organize by the election of a chairman and a secretary.

4. The members of said committee shall have jurisdiction to hear all charges against duly licensed physicians of this state for violation of the provisions of section twelve hundred and sixty-four hereof, except subdivision one and upon such hearing the said committee shall determine the said charges upon their merits, and the department may, after due notice and hearing, upon the receipt from said committee of the record, findings and determination of said committee wherein and whereby such practitioner has been found guilty, revoke and annul his license, annul his registration, suspend him from practice, or reprimand or otherwise discipline him. Proceedings against any practitioner under this section shall be begun by filing a written charge or charges against the accused. These charges may be preferred by any person, corporation or public officer, and they shall be filed with the secretary of the committee on grievances and said secretary shall forward to the executive officer of the department a copy of such charges in all cases in which said committee shall deem a trial necessary. The chairman of said committee, when charges are preferred, may designate three or more of the members of said committee, including at least one member who represents the same school of practice as the physician against whom the charges are preferred to hear and report upon said charges to

said committees. The time and place of the hearing of such charges shall be fixed by the secretary of the committee as soon as convenient and a copy of the charges, together with a notice of the time and place when they will be heard shall be served upon the accused or his counsel at least ten days before the date actually fixed for said hearing. Where personal service or service upon counsel after due diligence cannot be effected and such fact is certified on oath by any person duly authorized to make legal service, the secretary of the said committee shall cause to be published for four times at least thirty days prior to the hearing, a notice of the hearing in a newspaper published in the county in which the physician was last known to practice, and a copy of such notice shall also be mailed to the accused at his last known address. All such notices of hearing of charges shall contain a plain and concise statement of the material facts without unnecessary repetition, but not the evidence by which the charges are to be proved, with a notification that a stenographic record of such proceedings will be kept, and that the accused will have opportunity to appear either personally or by counsel at the hearing, with the right to produce witnesses and evidence upon his own behalf, to cross-examine such witnesses, to examine such evidence as may be produced against him and to have subpoenas issued by the said committee. Said subcommittee to whom said charges were referred shall make a written report of findings and recommendations and the same shall be forthwith transmitted to the secretary of the committee on grievances, with a transcript of the evidence. Said grievance committee may thereupon act upon said recommendation as it shall deem fit, or may take further testimony if the same seem desirable in the interest of justice. Thereupon the said committee shall determine said charges upon their merits (the vote of each member of said committee to be recorded as part of the committee's findings). If by unanimous vote the practitioner is found guilty of such charges or any of them, said committee shall transmit to the department the record, findings and determination wherein and whereby such practitioner has been found guilty, and their recommendation, and the regents after due hearing shall in their discretion execute an order accepting or modifying such determination or said committee as hereinabove provided. If the practitioner is found not guilty, said committee shall order a dismissal of the charges, and the exoneration of the accused.

Nothing herein contained shall estop the department from initiating proceedings in any case.

5. Any licensed practitioner found guilty under the provisions of this section, or whose license is otherwise revoked or suspended or registration annulled, or who has been refused registration, or who is otherwise reprimanded or disciplined under this article may have an order of certiorari for the purpose of reviewing such determination returnable before the appellate division of the third judicial department but no such determination shall be stayed or enjoined except upon application to such appellate division, after notice to the attorney-general. The committee on grievances or any member thereof may issue subpoenas and administer oaths pursuant to section sixty-one of the public officers law in connection with any hearing or investigation under this article and it shall be the duty of said committee to issue subpoenas at the request of and upon behalf of the defense. Said committee on grievances shall not be bound by the laws of evidence in the conduct of its proceedings, but the determination shall be founded upon sufficient legal evidence to sustain the same. The department shall furnish legal advice and assistance to said committee whenever such service is requested.

6. Any controversy between two or more physicians, or between a physician or physicians and other person, which said parties to such controversy agree to submit to arbitration, may be submitted in writing to said committe on grievances, which may in its discretion, act as arbitrator in said controversy, and the decision of said committee upon such arbitration shall be final, and where the same orders the payment of a sum of money, the same may be docketed as a judgment of a court of record and enforced as such judgment, provided the terms of the arbitration include such provision.

7. The regents may remove any member of said committee from office who shall have been found guilty, after due hearing, of malfeasance in office or neglect of duty.

8. No member of the committee shall participate in any way in the hearing and determination of any charges in which he may be either a witness as to facts or an accused, nor in any case where the parties, complainant or accused, are related to him by consanguinity or affinity within the sixth degree. The degree shall be ascertained by ascending from the member of the committee to the common ancestor and descending to the party, counting a degree for each person on both lines, including the member of the committee and the party and excluding the common ancestor.

9. Should, for any reason, three or more members of the committee be disqualified from participating in the hearing and decision of any case, or be for other reason unable to participate therein, their places may be temporarily filled for the purpose of determining the case to be heard by the remaining members of the committee nominating twice the number of candidates for such vacancy from whom there shall be selected by the chairman of the committee, after notice to the respective parties, the necessary number of members to constitute a quorum. A quorum of said committee shall consist of six members.

10. Said committee shall have power to make such rules and regulations for the conduct of its business as it shall deem necessary, provided such rules and regulations do not conflict with any of the provisions of this article.

11. The said committee shall have power, where a proceeding has been dismissed, either on the merits or otherwise, to relieve the accused from any possible odium that may attach by reason of the making of charges against him, by such public exoneration as it shall see fit to make if requested by the accused so to do.

Sec. 1266. DEPARTMENT SUPERVISION: The provisions of this article shall be administered subject to the provisions of section fifty-one of this chapter.

Note: Section 15 provides:

Conformably to law the regents may supervise the entrance regulations to and the licensing under and the practicing of the professions of medicine, dentistry, veterinary medicine, pharmacy, optometry and chiropody, and also supervise the certification of nurses, public accountants, certified shorthand reporters, architects, and members of any other profession which may hereafter come under the supervision of the head of the board of regents.

The regents may by rule or order accept evidence of preliminary and professional education, in whatever state or country the same may have been obtained, for licensing a candidate to practice any such profession in lieu of that prescribed by the laws relating to such profession; provided it shall appear to the satisfaction of the regents that such candidate has substantially met the requirements of such laws.

And the regents shall have further power to endorse a license issued by a legally constituted board of examiners in any other state or country upon satisfactory evidence that the requirements for the issuance of such license were substantially the equivalent of the requirements in force in this state when such license was issued, and that the applicant has been in the lawful and reputable practice of his profession for a period of not less than five years prior to his making application for such indorsement. When the evidence presented is not satisfyingly sufficient to warrant the indorsement of such license, the board of regents may require that the candidate for indorsement shall pass such subjects of the licensing examination specified by statute or regents' rule as should be required of the candidate to establish his worthiness to receive such indorsement.

In the event any person whose registration or license in any of the aforesaid professions is not legal or in the event any person who is not registered or licensed because of some error, misunderstanding, unintentional omission, or other cause which the regents may determine to be excusable, shall submit to the regents satisfactory proof that he possessed all the requirements prescribed by law at the time required for registration or license, or their equivalents, he may, by action of the regents, receive from the educational department a license or a certificate of facts under seal which may be registered by any county clerk and shall make valid the previous imperfect registration or shall remedy such failure to apply for or to receive such license, and such license or certificate shall include the date on which such person could or should have registered or could or should have applied for or received such license, and his registration or license, as the case may be, shall be deemed to have been valid and corrected from that date. (Laws of 1928, Chapter 537.)

Digest of Law and Board Rulings

EXAMINATIONS—January, June and September, simultaneously, in New York, Albany, Syracuse and Buffalo.

FEES—Examination, $25; county clerk's certificate and registration, $1; annual registration, $2.

COUNTY REGISTRATION REQUIRED—Licenses must be registered in the county where practice begins.

RECIPROCITY—Reciprocal relations have been established with:

California
Delaware
Indiana
New Jersey
Ohio
Utah
Virginia
Wisconsin
Porto Rico

Physicians who hold certificates of the National Board of Medical Examiners will be licensed without further examination.

EXECUTIVE OFFICER—Dr. Harold Rypins, State Education Bldg., Albany.

STATE BOARD OF MEDICAL EXAMINERS

Arthur W. Booth, Elmira; Henry B. Minton, Brooklyn; Wm. H. Park, New York City; James Ewing, New York City; Matthias Nicoll, Jr., Albany; Luther F. Warren, Brooklyn; James K. Quigley, Rochester; Chas. Hazzard, D.O., Mount Vernon; Milton J. Raisbeck, New York City; Harold Rypins, Secretary, Albany.

Address communications concerning admission to medical examinations to Mr. Herbert J. Hamilton, State Education Bldg., Albany.

STATE DEPARTMENT OF HEALTH

Matthias Nicoll, Jr., Commissioner and Executive Health Officer, Albany; Paul B. Brooks, Deputy Commissioner, Albany; Edward H. Marsh, Secretary, Albany; Mr. F. D. Beagle, Executive Officer, Albany.

Divisions:

Sanitation—C. A. Holmquist, C.E., Director.

Laboratories and Research—Augustus B. Wadsworth, Director.

Vital Statistics—Jos. V. De Porte, Ph.D., Director.

Communicable Diseases—Edward S. Godfrey, Jr., Director.

Maternity, Infancy and Child Hygiene—Elizabeth M. Gardiner, Director.

Public Health Education—Mr. B. R. Rickards, Director.

Tuberculosis—Robt. Plunkett, Director.

Public Health Nursing—Mathilde S. Kuhlman, R.N., Director.

Social Hygiene—Albert Pfeiffer, Director.

KEY TO SPECIALTIES AND SPECIAL SOCIETIES

A SYMBOL DESIGNATING SPECIALTY IS ENTERED ON REQUEST WHENEVER THE PHYSICIAN IS (1) A MEMBER OF A CONSTITUENT STATE ASSOCIATION, (2) A MEMBER OF A SPECIAL SOCIETY OF WHICH THE MEMBERSHIP IS LISTED IN THE DIRECTORY, OR (3) A PROFESSOR IN A MEDICAL SCHOOL CLASSED "A" OR "B" IN THE RATING OF THE COUNCIL ON MEDICAL EDUCATION AND HOSPITALS. SPECIALTIES ARE INDICATED AS FOLLOWS:

S—Surgery.
Ob—Obstetrics.
G—Gynecology.
ObG—Obstetrics and Gynecology.
Or—Orthopedic Surgery.
Pr—Proctology.
Oph—Ophthalmology.
LR—Laryngology, Rhinology.
ALR—Otology, Laryngology, Rhinology.
OALR—Ophthalmology, Otology, Laryngology, Rhinology.
U—Urology.
D—Dermatology.
Pd—Pediatrics.
N—Neurology.
P—Psychiatry.
NP—Neurology and Psychiatry.
I★—Internal Medicine.
T—Tuberculosis.
Anes—Anesthesia.
CP—Clinical Pathology.
R—Roentgenology.
Path—Pathology.
Bact—Bacteriology.
PH★—Public Health.
IndS—Industrial Surgery.

WHEN THE ABBREVIATION DESIGNATING A SPECIALTY IS FOLLOWED BY AN ASTERISK (★) IT INDICATES THAT THE PHYSICIAN CLAIMS HIS PRACTICE IS LIMITED TO THAT PARTICULAR BRANCH OF MEDICINE; WITHOUT THE ASTERISK, THAT HE IS ESPECIALLY INTERESTED IN, BUT DOES NOT LIMIT HIS PRACTICE TO THAT BRANCH. THIS INFORMATION CONCERNING SPECIALTY IS BASED ONLY ON PERSONAL DATA FURNISHED BY THE PHYSICIAN.

SPECIAL SOCIETIES (SEE PAGE 81)

The special societies are grouped under headings A, B, C, D, E, F and G (see page 81). The membership a physician holds in these societies is indicated as follows: Doe, John; Ill.1,'97; l'98; A5, F11—43 N. State St. The A5, F11 signify that Dr. Doe is a member of the American Surgical Association and the American Society for Experimental Pathology. Due to the rapid expansion under this head it was deemed advisable to list only societies that are National and Interstate in scope and name.

A—Surgery, Gynecology, Obstetrics and Anesthesia

1. American Association of Obstetricians, Gynecologists and Abdominal Surgeons.
2. American Gynecological Society.
3. American Orthopaedic Association.
4. American Proctologic Society.
5. American Surgical Association.
6. Southern Surgical Association.
7. Western Surgical Association.
8. Clinical Orthopaedic Society.
9. Pacific Coast Surgical Association.
21. Associated Anesthetists of the United States and Canada.
28. American College of Surgeons.
30. Society of Clinical Surgery.
31. Society of Neurological Surgeons.
32. New England Surgical Society.
36. American Association for Thoracic Surgery.

B—Ophthalmology, Otology, Laryngology and Rhinology

1. American Academy of Ophthalmology and Oto-Laryngology.
2. American Laryngological Association.
3. American Laryngological, Rhinological and Otological Society.
4. American Ophthalmological Society.
5. American Otological Society.
6. American Board for Ophthalmic Examinations.
7. American Board of Otolaryngology.
14. New England Ophthalmological Society.
15. New England Otological and Laryngological Society.
19. Pacific Coast Oto-Ophthalmological Society.
35. American College of Surgeons.
39. American Bronchoscopic Society.

C—Dermatology and Urology

1. American Association of Genito-Urinary Surgeons.
2. American Dermatological Association.
3. American Urological Association.
15. American College of Surgeons.
17. New England Dermatological Society.

D—Pediatrics and Internal Medicine

1. American Pediatric Society.
3. New England Pediatric Society.
6. Association of American Physicians.
7. Central States Pediatric Society.
8. American Gastro-Enterological Association.
9. American College of Physicians.
11. American Society for Clinical Investigation.
15. American Climatological and Clinical Association.

E—Neurology and Psychiatry

1. American Neurological Association.
13. American Psychiatric Association.
14. New England Society of Psychiatry.
15. Association for Research in Nervous and Mental Diseases.
16. American Psychopathological Association.
17. Central Neuropsychiatric Association.
20. American Orthopsychiatric Association.

F—Pathology, Bacteriology and Anatomy

1. American Association of Anatomists.
2. American Association of Pathologists and Bacteriologists.
11.—American Society for Experimental Pathology.
12. Society of American Bacteriologists.
13. American Society of Clinical Pathologists.

G—Roentgenology

1. American Roentgen Ray Society.
5. Radiological Society of North America.
7. American College of Radiology.
9. American Radium Society.

KEY TO ABBREVIATIONS, SYMBOLS, ETC.

Names in CAPITALS signify membership in the American Medical Association through membership in constituent state and component county organizations (DOE, JOHN).

⊕—Indicates Fellowship in the American Medical Association (DOE, JOHN ⊕). Commissioned medical officers of the Federal Government, while on active service are Fellows of the American Medical Association.

(H), (E), (P-M)—Indicate, respectively, homeopath, eclectic, physio-medic.

(col.)—Indicates colored.

b'75—Indicates year of birth (born 1875).

Md.7,'09—College and year of graduation (graduation from Johns Hopkins University Medical Department, Baltimore, in 1909). (For Medical College Key Table see inside front cover pages.)

l'89—Indicates year of license in state where located (licensed in 1889). Licenses in other states not shown.

N.B.'26—Indicates year of license by National Board of Medical Examiners.

l'Can.'27—Indicates year of license by Medical Council of Canada.

A1,3, B4, C15—Membership in special societies. (See Key Table, page 7.)

U.S.A.—United States Army.

U.S.N.—United States Navy.

U.S.P.H.S.—United States Public Health Service.

College positions held are indicated by abbreviated title of position followed by key number of college (Prof. Surg., Md.7).

◊—Information received does not show graduation from a medical college.

△—Graduates of institutions not listed as medical colleges by the Council on Medical Education and Hospitals of the American Medical Association.

l†—Licensed in state where located but year not known.

ǂ—Information received does not show license in state where located.

♁—In practice in state where located before passage of present law and licensed by filing diploma or by years of practice. In Texas, indicates registration under "Act of 1907"; in Oklahoma, reregistration under "Act of 1908."

‡—In Texas, indicates in practice and licensed under the old law, but not registered under the present law, "Act of 1907"; in Oklahoma, not registered under "Act of 1908"; in Indiana, as licensed in the state, but not registered in the county where practicing.

RIVER CREST SANITARIUM

ASTORIA, Long Island
NEW YORK CITY

For Nervous and Mental Diseases, including committed and voluntary patients. Alcoholic and Narcotic Habitués

A home-like private retreat, in a beautiful park, overlooking N. Y. City. Easily accessible by City Rapid Transit Lines. Complete Hydrotherapy, Electric Light Baths, Electrotherapy, Vibrasage, Arts and Crafts Shop, Tennis, Bowling, Billiards. Full equipment. Varied Amusements. *Six attractive buildings for thorough classification of patients. Rates very moderate for high class accommodations and scientific treatment. Established by John Joseph Kindred, M.D., and under New York State License since 1906.*

N. Y. City Office, 666 Madison Avenue.
Phone, 7140 Regent **Hours 3-4 Daily.**

Sanitarium Phone, 0820 Astoria
WM. ELLIOTT DOLD, M.D., Physician in Charge

BELLE MEAD FARM COLONY AND SANATORIUM

BELLE MEAD, NEW JERSEY FIVE ATTRACTIVE BUILDINGS UNDER STATE LICENSE

For Nervous, Mental and Senile Cases, Alcoholic and Drug Habitués, and General Invalidism, also Feeble Minded and selected cases of *Epilepsy*. Especially adapted to cases benefited by outdoor life. Over 400 acres Fertile Farm in a beautiful rural district with mountain views. *One and a quarter hours from New York City and Philadelphia*, on the Philadelphia & Reading R. R. Well equipped. *Four attractive buildings for thorough classification of patients.* Scientific treatment, including Hydrotherapy (Baruch), Electrotherapy, etc. Various Amusements, Modern Moving Pictures, etc. Rates very moderate.

For Rates and Information, Apply to Resident Physician, Belle Mead, N. J.; Sanatorium Phone, 21 Belle Mead; or
Office of the Sanatorium, 666 Madison Ave., New York City. Phone, 7140 Regent.
City Hours: Tuesdays 2-3; and 3-4 Daily

WEST HILL

HENRY W. LLOYD, M.D. **HULDA E. STAUFER, R. N.**
West 252nd St. and Fieldston Road, Riverdale, New York City

Harold E. Hoyt, M.D., Resident Physician in Charge

Located within the city limits it has all the advantages of a country sanitarium for those who are nervous or mentally ill.

In addition to the main building, there are several attractive cottages in a ten-acre park.

Doctors may visit their patients and direct the treatment.

Telephone Kingsbridge 3040.

GLEASON HEALTH RESORT
ELMIRA, N. Y.

Physiotherapy under Medical direction.

Rates $30 to $40 weekly.

John C. Doyle, M.D.
Supt.

Gertrude D. Doyle, M.D.
Asst. Supt.

M. P. EDGERLY, *Director* PHONE MURRAY HILL 4110

THE NEW YORK MEDICAL EXCHANGE

(AGENCY)

489 FIFTH AVENUE
NEW YORK CITY

Gives selective service to Physicians, Hospitals, and Institutions seeking assistants, partners, executives, technicians (Laboratory, X-Ray and Physio-Therapy) and other hospital personnel.

Free Registration
Application on Request

AMBLER HEIGHTS SANITARIUM, ASHEVILLE, N. C.

Conducted for incipient and convalescent cases. Rated by the Asheville Board of Health, equipment 99 +, methods 99 +, score 99 +.

This institution embodies and includes every modern convenience, necessity and equipment, as we have found desirable in thirty-five years' experience in treating T. B. cases.

Fifty patients' beds—all nurses graduates—every modern convenience—including sleeping porches, heated dressing rooms, sun porches. Beds equipped with bed rests—bell calls—bed lamp—individual radio head piece—Thermos Icy Hot drinking water jugs—both square and adjustable bedside tables, etc.

MEDICAL PRACTICE ACT OF NORTH CAROLINA

Consolidated Statutes of North Carolina, 1919 and 1924, Chapter 110.

Sec. 6605. STATE MEDICAL SOCIETY: The association of regularly graduated physicians, calling themselves the state medical society, is hereby declared to be a body politic and corporate, to be known and distinguished by the name of The Medical Society of the State of North Carolina.

Sec. 6606. BOARD OF EXAMINERS: In order to properly regulate the practice of medicine and surgery, there shall be established a board of regularly graduated physicians, to be known by the title of The Board of Medical Examiners of the State of North Carolina, which shall consist of seven regularly graduated physicians.

Sec. 6607. MEDICAL SOCIETY APPOINTS EXAMINERS: The medical society shall have power to appoint the board of medical examiners.

Sec. 6608. BOARD OF EXAMINERS TO ELECT OFFICERS: The board of medical examiners are authorized to elect all such officers and to frame all such by-laws as may be necessary, and in the event of any vacancy by death, resignation, or otherwise, of any member of said board, the board or a quorum thereof, is empowered to fill such vacancy.

Sec. 6609. MEETINGS: The board of medical examiners shall assemble once in every year in the city of Raleigh, and shall remain in session from day to day until all applicants who may present themselves for examination within the first two days of this meeting have been examined and disposed of; other meetings in each year may be held at some suitable point in the state if deemed advisable.

Sec. 6610. APPLICANTS AND EXAMINATIONS: The board of medical examiners is hereby empowered to prescribe such regulations as it may deem proper, governing applicants for license; admission to examinations; the conduct of applicants during examination, and the conduct of the examinations proper.

Sec. 6611. SECRETARY OF BOARD: The secretary of the board of medical examiners shall give bond with good surety, to the president of the board, for the safe-keeping and proper payment of all moneys that may come into his hands.

Sec. 6612. OATHS ADMINISTERED: The president and secretary of the board of medical examiners of this state shall have power to administer oaths to all persons who may apply for examination before the board, or to any other persons deemed necessary in connection with performing the duties of the board as imposed by law. The board shall have power to summon any witnesses deemed necessary to testify under oath in connection with any cause to be heard before it; or to summon any licentiate against whom charges are preferred in writing, and the failure of the licentiate, against whom charges are preferred, to appear at the stated time and place to answer to the charges, after due notice or summon has been served in writing, shall be deemed a waiver of his right to said hearing as provided in section six thousand six hundred and eighteen.

Sec. 6613. REQUIREMENTS AND EXAMINATIONS: It shall be the duty of the board of medical examiners to examine for license to practice medicine or surgery, or any of the branches thereof, every applicant who complies with the following provisions: he shall, before he is admitted to examination, satisfy the board that he has an academic education equal to the entrance requirements of the University of North Carolina, or furnish a certificate from the superintendent of public instruction of the county that he has passed an examination upon his literary attainments to meet the requirements of entrance in the regular course of the state university. He shall exhibit a diploma or furnish satisfactory proof of graduation from a medical college in good standing requiring an attendance of not less than four years, and supplying such facilities for clinical and scientific instruction as shall meet the approval of the board; but the requirement of four years' attendance at a school shall not apply to those graduating prior to January the first, nineteen hundred.

The examination shall cover the following branches of medical science: anatomy, embryology, histology, physiology, pathology, bacteriology, surgery, pediatrics, medical hygiene, chemistry, pharmacy, materia medica, therapeutics, obstetrics, gynecology, and the practice of medicine.

If on such examination the applicant is found competent, the board shall grant him a license authorizing him to practice medicine or surgery or any of the branches thereof, five members of the board shall constitute a quorum, and four of those present shall be agreed as to the qualification of the applicant.

Sec. 6614. RECORDS OF EXAMINATIONS: It shall be the duty of the state board of medical examiners to examine any applicant for license to practice medicine on the subjects of anatomy, histology, physiology, bacteriology, embryology, pathology, medical hygiene, and chemistry, upon his furnishing satisfactory evidence from a medical school in good standing, and supplying such facilities for anatomical and laboratory instruction as shall meet with the approval of the board, that he has completed the course of study in the school upon the subjects mentioned. The board shall set to the credit of such applicant upon its record books the grade made by him upon the examination, which shall stand to the credit of such applicant; and when he has subsequently completed the full course in medicine and presents a diploma of graduation from a medical college in good standing, requiring a four years' course of study of medicine for graduation, and when he has completed the examination upon the further branches of medicine, to wit, pharmacy, materia medica, therapeutics, obstetrics, gynecology, pediatrics, practice of medicine and surgery, he shall have accounted to his credit the grade made upon the former examination, and if then upon such completed examination he be found competent, said board shall grant him a license to practice medicine and surgery and any of the branches thereof.

Sec. 6615. AGE: Every person making application for a license to practice medicine or surgery in the state shall be not less than twenty-one years of age and of good moral character before any license can be granted by the board of medical examiners. Provided that the age requirement shall not apply to students taking the examinations of the first two years in medicine.

Sec. 6616. LIMITED LICENSES: The board, may, whenever in its opinion the conditions of the locality where the applicant resides are such to render it advisable, make such modifications of the requirements of the preceding sections, both as to application for examination and examination for license, as in its judgment the interests of the people living in that locality may demand, and may issue to such applicant a special license, to be entitled a "Limited License," authorizing the holder thereof to practice medicine and surgery within the limits only of the district specifically described therein. The holder of the limited license practicing medicine or surgery beyond the boundaries of the district as laid down in said license shall be guilty of a misdemeanor, and upon conviction shall be fined not less than twenty-five dollars ($25.00) nor more than fifty dollars ($50.00) for each and every offense; and the board is empowered to revoke such limited license, in its discretion, after due notice. The clerk of the superior court, in registering the holder of a limited license, shall copy upon the certificate of registration and upon his record the description of the district given in the license.

Sec. 6617. RECIPROCITY: The board of medical examiners shall in their discretion issue a license to any applicant to practice medicine and surgery in this state without examination if said applicant exhibits a diploma or satisfactory proof of graduation from a medical college in good standing, requiring an attendance of not less than four years and a license issued to him to practice medicine and surgery by the board of medical examiners of another state.

Sec. 6618. REVOCATION: The board shall have power to rescind any license granted by it when upon satisfactory proof it shall appear that any physician thus licensed has been guilty of grossly immoral conduct, or who has been guilty of producing or attempting to produce criminal abortion, or who by false or fraudulent representation has obtained or attempted to obtain practice in his profession, or who is habitually addicted to the use of morphine, cocaine, or other narcotic drugs, or who has by false or fraudulent representation of his professional skill obtained or attempted to obtain money or anything of value, or who has advertised or held himself out professionally under a name other than his own, or who shall advertise or profess publicly to treat human ailments under a system or school of treatment or practice other than that for which he holds a license, or who is guilty of any wilful violation of the rules and regulations of the state board of medical examiners, or who is guilty of any fraud or deceit by which he was admitted to practice, or who has been guilty of any other unprofessional or dishonorable conduct. For any of the above reasons the board of medical examiners may refuse to issue a license to an applicant: Provided, that no license or certificate shall be revoked until the holder thereof, after due notice being given, shall have a hearing before the state board of medical examiners: Provided further, that the holder of a license so revoked shall have the right to appeal to the courts; and if action of the board of examiners be reversed, he shall be allowed to retain his license: Provided further, that the board of medical examiners, in its discretion, may restore said license upon due notice being given, and hearing had, and satisfactory evidence produced of proper reformation of the licentiate, before restoration.

Sec. 6619. FEES: Each applicant for examination shall pay, to the treasurer of the board of medical examiners of the state of North Carolina, a fee of fifteen dollars ($15.00) before being admitted to the examination; provided, however, that in the case of applicants taking the examinations in two halves, as provided in section six thousand six hundred and fourteen, the fee shall be seven and one-half dollars ($7.50) for each of the two half examinations. Whenever any license is granted without examination, as authorized in section six thousand six hundred and seventeen, the applicant shall pay to the treasurer of the board a fee of fifty dollars ($50.00). Whenever a limited license is granted, as provided in section six thousand six hundred and sixteen, the person shall pay to the treasurer of the board a fee of fifteen dollars ($15.00). A fee of five dollars ($5.00) shall be paid for each duplicate license. All fees shall be paid in advance to the treasurer of the board of medical examiners of the state of North Carolina, to be, by him, held as a fund for the use of said board. The compensation and expenses of the members and officers of said board, and all expenses proper and necessary in the opinion of said board, to the discharge of its duties under and to enforce the laws regulating the practice of medicine or surgery shall be paid out of such funds, upon the warrant of the president and secretary of said board. The salaries and fees of the officers and members of the said board shall be fixed by the board but shall not exceed ten dollars ($10.00) per day per member, and railroad fare and hotel expenses; and no expense shall be created to exceed the income from fees herein provided. Any unexpended sum or sums of money remaining in the treasury of the said board at the expiration of the terms of office of the members thereof, shall be paid over to their successors after their election and qualification as such.

Sec. 6620. RECORDS: The board of examiners shall keep a regular record of its proceedings in a book kept for that purpose, together with the names of members of the board present, the names of the applicants for license, and other information as to its actions. The board of examiners shall cause to be entered in a separate book the name of each applicant to whom a license is issued to practice medicine or surgery, along with any information pertinent to such issuance. The board of examiners shall publish the names of those licensed in three daily newspapers published in the state of North Carolina, within thirty days after granting the same. A transcript of any such entry in the record books, or a certificate that there is not entered therein the name, and proficiency or date of granting such license of a person charged with the violation of the provisions of this article, certified under the hand of the secretary and the seals of the board of medical examiners of the state of North Carolina shall be admitted as evidence in any court of this state when it is otherwise competent.

Sec. 6621. FORMS OF CERTIFICATES: It shall be the duty of the medical society of the state of North Carolina to prescribe proper forms of certificates required by this article, and all such blanks and forms as the clerk may need to enable him to perform his duties under this chapter.

Sec. 6622. PENALTIES: No person shall practice medicine or surgery, or any of the branches thereof, nor in any case prescribe for the cure of diseases unless he shall have been first licensed and registered so to do in the manner provided in this article, and if any person shall practice medicine or surgery without being duly licensed and registered, as provided in this article, he shall not be allowed to maintain any action to collect any fee for such services. The person so practicing without license shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than fifty dollars ($50.00) nor more than one hundred dollars ($100.00), or imprisoned at the discretion of the court for each and every offense.

DEFINITION: Any person shall be regarded as practicing medicine or surgery within the meaning of this Act who shall diagnose or attempt to diagnose, treat or attempt to treat, operate or attempt to operate on, or prescribe for or administer to, or profess to treat any human ailment, physical or mental, or any physical injury to or deformity of another person: Provided, that the following cases shall not come within the definition above recited:

1. The administration of domestic or family remedies in cases of emergency.

2. The practice of dentistry by any legally licensed dentist engaged in the practice of dentistry and dental surgery.

3. The practice of pharmacy by any legally licensed pharmacist engaged in the practice of pharmacy.

4. The practice of medicine and surgery by any surgeon or physician of the United States Army, Navy or Public Health Service in the discharge of his official duties.

5. The treatment of the sick and suffering by mental or spiritual means without the use of any drugs or other material means.

6. The practice of optometry by any legally licensed optometrist engaged in the practice of optometry.

7. The practice of midwifery by any woman who pursues the vocation of midwife.

8. The practice of chiropody by any legally licensed chiropodist when engaged in the practice of chiropody, and without the use of any drugs.

9. The practice of osteopathy by any legally licensed osteopath when engaged in the practice of osteopathy as defined by law, and especially [section] six thousand seven hundred of the Consolidated Statutes.

10. The practice of chiropractic by any legally licensed chiropractor when engaged in the manual adjustment of the twenty-four spinal vertebrae of the human body and without the use of drugs.

11. The practice of medicine or surgery by any reputable physician or surgeon in a neighboring state coming into this state for consultation with a resident registered physician. This proviso shall not apply to physicians resident in a neighboring state and regularly practicing in this state.

12. Physicians who have a diploma from a regular medical college or were practicing medicine and surgery in this state prior to the seventh day of March, one thousand eight hundred and eighty-five, and who are properly registered as required by law.

Sec. 6623. REGISTRATION: Any person desiring to engage in the practice of medicine or surgery shall personally appear before the clerk of the superior court of the county in which he resides or practices, for registration as a physician or surgeon. The person so applying shall produce and exhibit before the clerk of the superior court a license obtained from the board of medical examiners of the state. The clerk shall thereupon register the date of registration, with the name and residence of such applicant, in a book to be kept for this purpose in his office, marked "Register of Physicians and Surgeons," and shall issue to him a certificate of registration under the seal of the superior court of the county upon the form furnished him by the medical society of North Carolina, for which the clerk shall be entitled to collect from said applicant a fee of twenty-five cents. The person obtaining such certificate shall be entitled to practice medicine or surgery, or both, in the county where the same was obtained, and in any other county of this state; but if he shall remove his residence to another county he shall exhibit said certificate to the clerk of such other county and be registered, which registration shall be made by said clerk without fee or charge.

PENALTIES: Any person who practices or attempts to practice medicine or surgery in this state without first having registered and obtained the certificate required in this section, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than twenty-five dollars ($25.00), nor more than one hundred dollars ($100.00), or be imprisoned at the discretion of the court, for each and every offense. Provided, this section shall not apply to women pursuing the vocation of midwife, nor to reputable physicians or surgeons resident in a neighboring state coming into this state for consultation with a registered physician of this state.

Sec. 6624. IMPEACHMENT: If any clerk of the superior court shall register, or issue a certificate to any person practicing medicine or surgery in any other manner than that prescribed by law, he shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than two hundred dollars ($200.00), and shall be removed from office.

Sec. 6625. PROCEEDINGS: In case of the violation of the criminal provisions of the last three sections preceding, the attorney-general of the state of North Carolina, upon complaint of the board of medical examiners of the state of North Carolina, shall investigate the charges preferred, and if in his judgment the law has been violated, he shall direct the solicitor of the district in which the offense was committed to institute a criminal action against the offending persons. For his services in conducting such a prosecution the solicitor shall be allowed a fee of five dollars ($5.00). The board of medical examiners may also employ, at their own expense, special counsel to assist the attorney-general or the solicitor.

Exclusive original jurisdiction of all criminal actions instituted for the violations of the last three sections preceding shall be in the superior court, the provisions of any special or local act to the contrary notwithstanding.

Sec. 6625-A. RECORDS: In order to provide for the compilation of a complete list of all physicians who have been or are qualified by law to practice medicine and surgery in this state, either by virtue of license and registration, or registration on presentation of diploma, or after oath of practice prior to March the seventh, one thousand eight hundred and eighty-five, the clerk of the superior court in every county in the state is hereby required to furnish to the board of medical examiners of the state of North Carolina a complete list of all persons registered in his office to practice medicine and surgery from February twenty-eighth, 1889, to January first, 1922; on blank forms to be supplied to him by the secretary of the board of medical examiners. Such lists shall be mailed to the office of the secretary of the board of medical examiners not later than thirty days after the receipt of the blanks upon which the names are to be entered. Failure of the secretary of the board to furnish the blank forms to the clerks and failure of any clerk of superior court to furnish a complete list of the registered practitioners of medicine and surgery in his county shall constitute a misdemeanor and shall be punishable as such.

Digest of Law and Board Rulings

NORTH DAKOTA

NOTE.—The general information of this state includes: Medical Law, Digest of Law and Board Rulings, State Board of Medical Examiners, Department of Public Health, County and City Health Officers, Officers of Constituent State Medical Association, State Journal, Councilor Districts and Officers, Component County and District Societies, State and Federal Institutions, Hospitals, Sanatoriums and Charitable Institutions.

NORTH DAKOTA

Population (Estimated, 1928)	641,192
Number of Counties	53
Number of Physicians	501
Members of State Association	391
Area of State in Square Miles	70,183

MEDICAL PRACTICE ACT OF NORTH DAKOTA

Compiled Laws of North Dakota, Political Code,
1913, Chapter 5, Article 14; As
Amended Laws 1921, Chapter 58.

Section 458. BOARD OF MEDICAL EXAMINERS; HOW APPOINTED; QUALIFICATIONS: The governor shall on or before the first day of August, 1911, appoint a State Board of Medical Examiners, consisting of nine members, two of whom shall be homeopathic physicians, who shall be practicing physicians of integrity and ability, who shall be residents of and have been duly licensed to practice medicine and surgery in this state, and who shall have been graduated from medical schools of high educational requirements and standing and shall have been engaged in the active practice of their profession within this state for a period of at least five years. Three of such persons shall hold office for the term of one year from the said first day of August, 1911, three for the period of two years, and three for the period of three years from said date. Thereafter, and as the terms of office expire, all members of the board shall be appointed for the term of three years, with the exception of those who may be appointed to fill unexpired terms. Until the first day of August, 1911, the members of the present State Board of Medical Examiners shall hold office and shall enforce the provisions of this Article.

Sec. 459. OFFICERS; MEETINGS FOR EXAMINATIONS; RECORDS AND RULES: Such board shall elect a president and secretary-treasurer, and shall have a seal. The secretary-treasurer shall be the general administrative and prosecuting officer of said board, but need not be a member thereof. The president and the secretary-treasurer shall have the power to administer oaths. The board shall hold meetings for examinations at such places as it may designate, on the first Tuesday in January and July of each year, and such special meetings as it may from time to time appoint. The board shall keep a record of all its proceedings, and also a register of applicants for license, together with their ages, and the time spent in the study of medicine and in their studies preliminary thereto, and the nature thereof, and the name and location of all institutions, medical and otherwise, granting to such applicants degrees or certificates of attendance on lectures in classes of medicine and surgery and studies preliminary thereto. Such register shall also show whether the applicant was rejected or licensed by the board. Said books and register shall be prima facie evidence of all matters therein recorded. Said board shall from time to time adopt such rules and regulations as it may deem necessary for the performance of its duties and a schedule of minimum educational requirements which shall be without prejudice, partiality, discrimination as to schools or systems of practice of medicines.

Sec. 460. POWER TO ADMINISTER OATHS AND SUMMON WITNESSES; ENFORCEMENT OF POWERS: Said board shall have authority to administer oaths, to summon witnesses and take testimony in all matters relating to their duty. When the board, in the transaction of any of its business or in the conduct of any hearing or when any person interested in such business or hearing shall desire to secure the presence or testimony of any person before said board, said board or such person may procure subpoenas from the clerk of the District Court of the county wherein such business is to be transacted or conducted before said board, and the clerk of such court is hereby directed to issue such subpoenas, as, in the name of the state of North Dakota, commanding the persons whose names shall be given to such clerk by said board, or by such persons so interested in such business or hearing, to appear before said board at a certain time and place fixed by said board, for the transaction of such business or conduct of such hearing and then and there testify in the matter of such business or in such hearing. If any person so commanded to appear and testify shall fail or refuse to obey such subpoena, he shall be dealt with by said District Court in the same manner and to the same effect as though such subpoena had commanded such person to appear and testify in a cause on trial in said court. Fees or other charges or payments, which may be demanded by any person so commanded to appear and testify shall be only those which may be demanded by witnesses in causes in the District Court and under the same circumstances. Such subpoenas shall be served in the same manner as are the subpoenas for trials in the District Court and they shall be substantially the same form. It shall be the duty of the secretary-treasurer, under the direction of the board, personally or by deputy duly authorized thereunto by said board, to aid the several district attorneys of the state in the enforcement of this Article and in the prosecution of all persons who may have violated any of its provisions.

Sec. 461. LICENSE: No person shall practice medicine in this state unless he shall have made application to said Board of Medical Examiners, through the secretary-treasurer thereof, upon such form and in such manner as shall be adopted and prescribed by said board, for a license so to do, and shall have obtained from said board and shall possess in full force and virtue a valid license so to do; and any person who practices medicine in this state, without having made such application and without having received and without still possessing such a license shall be deemed to have thereby violated the provisions of this Article. All applicants for a license to practice medicine or for a restoration of any such license which has been revoked shall furnish the board with satisfactory evidence of good moral character. Nothing in this Article shall be taken or construed to preclude physicians and surgeons who have already been admitted to practice their profession within the state of North Dakota and under and according to the laws thereof to continue so to practice.

Sec. 462. DEFINITION: The term "practice of medicine" as used in this Article, is intended to cover and include the practice of medicine, surgery and obstetrics. The term "physician" means physician and surgeon.

Sec. 463. MEANING OF THE TERM PRACTICE OF MEDICINE; EXEMPTIONS AND EXCEPTIONS: A person shall be regarded as practicing medicine within the meaning of this Article who holds himself or herself out to the public as being engaged within this state in the diagnosis or treatment of diseases or injuries of human beings; or who suggests, recommends or prescribes any form of treatment for the intended palliation, relief or cure of any physical or mental ailment of any person with the intention of receiving therefor, either directly or indirectly, any fee, gift or compensation whatsoever; or who maintains an office for the examination or treatment of persons afflicted with disease or injury of body or mind; or who attaches the title M.D., surgeon, doctor or any word or abbreviation to his name, indicating that he is engaged in the treatment or diagnosis of the diseases or injuries of human beings. Nothing in this Article, however, shall be construed to affect lawfully qualified physicians in other states or countries meeting legally licensed physicians in this state for consultation or any physician residing on the border of a neighboring state and duly licensed under the laws thereof to practice medicine therein, and who does not open an office or appoint a place to meet patients or receive calls within this state; or the domestic administration of family remedies; or dentists practicing their profession or optometrists when licensed and practicing under the provisions of Article 16 Chapter 4 of the political code, Revised Codes of 1905; nor to prohibit the practice of Christian Science or other religious tenets or religious rules or ceremonies as a form of religious worship, devotion, or healing, provided that the persons administering or making use of or assisting or prescribing such do not prescribe or administer drugs or medicines nor perform surgical or physical operations, nor assume the title of or hold themselves out to be physicians or surgeons; nor shall this Article be construed to prohibit any person, if qualified under Chapter 172 of the laws of 1909, from engaging in the practice of osteopathy, when not representing himself as, or assuming the title of physician or surgeon; provided such person does not profess or hold himself out to, nor administer or prescribe drugs or perform surgery, except minor surgery; nor shall it be construed to prohibit commissioned surgeons of the United States Army, Navy or Public Health and Marine Hospital Service from performing their lawful duties in this state as such.

Sec. 464. EXAMINATIONS; HOW CONDUCTED; SUBJECTS: The manner of determining the qualifications of any person to practice medicine or surgery shall be such as shall be adopted by the State Board of Medical Examiners. Examination of applicants for the licenses to practice medicine shall be made by said board according to the method deemed by it to be most practicable and expeditious to test the applicant's qualifications. Each applicant shall be designated by a number instead of name, so that his identity shall not be disclosed to the members of the board until the examinations shall be graded. The subjects of written, oral or clinical examinations for applicants shall be as follows: anatomy, physiology, chemistry, pathology, gynecology, physical diagnosis, toxicology, surgery, obstetrics, histology, bacteriology, medical jurisprudence and preventive medicine.

Sec. 465. EXAMINATIONS WAIVED: In the case of an applicant coming from, or who has been educated in other states or foreign universities, such applicant's credentials relating to his general reputation, his preliminary education and the course of study he has pursued, the degrees he has received, the number of years he has been engaged in the lawful practice of medicine, his experience in hospitals, medical departments of the Army, Navy and Public Health and Marine Hospital Service, licenses granted to him by other states and countries, and his experience as a teacher of medicine shall be given due consideration by the board in determining his qualifications to practice medicine. When convinced by an investigation of an applicant's credentials that he is qualified to practice medicine and surgery the board may, in its discretion, grant him a license without examination, upon the payment of the regular fee of $25, and provided further, that said board upon the payment of such fee and in its discretion, may accept and register and without further examination, issue a license to practice medicine upon any certificate which shall have been issued to an applicant by the Medical Examining Board of the District of Columbia, or of any state or territory of the United States; provided, however, that the applicant has received a degree or diploma from a legally chartered medical school, the requirements of which shall have been at the time of granting such diploma or degree, in no particular less than those prescribed by the Association of American Medical Colleges for that year; and provided further, that the legal requirements of the Medical Examining Board of such state, district or territory, shall have been at the time of issuing such certificate in no degree or particular less than those of this state, at the time when such certificate shall be presented for registration and approval of the board provided for in this Article; and provided further, that the provisions and exceptions in this section contained shall be held to apply only to the certificate of licenses of such states, districts or territories as accept and register the certificates and licenses granted by the board provided for herein, without further examinations of the persons holding such certificates.

Sec. 466. PRELIMINARY QUALIFICATIONS: All applicants for licenses to practice medicine in the state of North Dakota and all applicants for the examination of the Board of Medical Examiners herein provided for, must as a prerequisite thereto, and except as provided in Section 465 of this Article, present evidence which shall be satisfactory to said board of having graduated from a reputable medical college and having attended in such college or colleges the lectures of no less than four college years of at least eight months each, and must give evidence which shall be satisfactory to said board, of a preliminary education which would be necessary to admit said student to the junior or third year of the University of North Dakota or some equally reputable American college or university; provided, however, that in case of applicants who have graduated from a reputable medical college prior to the year of 1905, satisfactory evidence of attendance on the lectures and classes of three college years of at least six months each, shall be deemed sufficient to entitle such applicants to take the examination herein provided for; provided, further, that in the case of applicants who have graduated from a reputable medical college during the year 1905, and subsequent thereto, and have attended in such college or colleges the lectures of no less than four college years of at least eight months each, and provided, further, that all applicants for licenses to practice medicine and surgery in the State who have been commissioned or held commissions in the medical corps of the army and navy of the United States, or its allies during the late war and have been honorably discharged therefrom, shall be entitled to take the examination herein provided for. Provided, however, that in case of applicants who have graduated from a reputable medical college prior to the year 1905, satisfactory evidence of attendance on the lectures and classes of three college years of at least six months each, shall be deemed sufficient to entitle such applicants to take the examinations herein provided for; and provided further, that in case of applicants who have graduated from a reputable medical college since July 1, 1919, they must, in addition to evidence of such graduation, and four years' attendance, also give evidence which shall be satisfactory to said board, of a preliminary education which would be necessary to admit said student to the junior or third year of the University of North Dakota or some equally reputable American college or university.

Sec. 467. LICENSE; FEES: If such applicant passes the prescribed examination, or if such applicant is excused from such examination as provided for in Section 8 of this Article and is found by the board to be properly qualified, the board may grant him a license to practice medicine, surgery, obstetrics, in this state, which license shall be signed by the president and secretary-treasurer of the board, and shall have the seal thereof affixed to or impressed thereon. The fee of examination shall be $25, to be applied to the board toward paying the compensation and expenses thereof, including the enforcement of the provisions of this Article, and the same fee shall be charged where an application for license is made without examination.

Sec. 468. REVOCATION AND REFUSAL OF LICENSE: The State Board of Medical Examiners shall keep a record of all its proceedings together with the evidence offered in the matter of revoking or refusing licenses hereunder, may refuse to grant, or may revoke a license to practice medicine and surgery in this state, and may cause a licentiate's name to be removed from the record in the office of any recorder of deeds, upon any of the following grounds, to-wit: The employment of fraud or deception in applying for or securing a license or in passing the examination provided for in this Article; the practice of medicine under a false or assumed name, or impersonation of another physician of this state or any state, territory or foreign country of a like or different name; the conviction of a felony, or of a crime, involving moral turpitude; habitual intemperance in the use of ardent spirits, narcotics, or stimulants to such an extent as to incapacitate for performance of professional duties; the procuring or aiding or abetting in procuring or attempting to procure a criminal abortion; negligent or ignorant malpractice resulting in permanent injury or the death of a patient; the obtaining of a fee either directly or indirectly either in money or in the form of anything of value, or in the form of financial profit, either as personal compensation, or as compensation, charge, profit or gain for an employer, or any other person or persons, on the representation that a manifestly incurable sick, diseased or injured condition of any person can be permanently cured; causing the publication, circulation, exhibition or display publicly of an advertisement, notice or information of any medicine or means whereby the monthly periods of women can be regulated or the menses if suppressed can be reestablished, or whereby abortion can be accomplished; causing the publication, circulation, exhibition or display publicly of any advertisement relative to the treatment, alleviation, palliation, cure or prevention of any disease, weakness or condition of the sexual organs. An appeal from the final decision of such board shall lie to the district court of the county in which such decision was made, within sixty days after notice to the party aggrieved. The record on appeal shall consist of the entire proceedings of such board, together with the evidence offered. Such appeal shall be governed by the code of civil procedure as far as applicable.

Sec. 469. LICENSE TO BE RECORDED: Every person who shall receive a license from the State Board of Medical Examiners shall have it recorded immediately in the office of the recorded of deeds of the county in which he shall maintain an office for the practice of medicine, and shall likewise have it recorded in any county in which he shall practice medicine regularly. The recorder of deeds of each county in this state shall keep for public inspection, in a book provided for that purpose, a complete list and description of licenses recorded by him. When any such license shall be presented to him for record he shall stamp or write upon the back thereof his signed memorandum of the date when such license was presented for record. If the name of any person shall not so appear in such book in any particular county in this state in connection with a description of such license provided for in this Article, such act shall be prima facie evidence in any civil or criminal action involving the practice of medicine by such person in such county, that such person does not possess in full force or virtue a license to practice medicine in this state.

Sec. 470. PENALTIES FOR VIOLATIONS AND FOR FRAUDULENT IMPERSONATION AND FRAUDULENT DEVICES: Any person who shall practice medicine in this state without complying with the provisions of this Article, and any person who shall violate any of the provisions of this Article shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be punished by a fine of not less than $50 nor more than $300, or by imprisonment in the county jail for not less than ten days or more than thirty days, or both, in the discretion of the court. Any person who shall present or attempt to file as his own diploma or certificate of credentials of another, who shall give false evidence or present an altered or forged instrument or writing of any kind to the State Board of Medical Examiners, or any member thereof, in connection with an application for license to practice medicine, or in any hearing before said board, or who shall practice medicine under a false or assumed name or who shall falsely personate another practitioner of a like or different name, shall be guilty of a felony, and upon conviction thereof shall be punished by imprisonment in the state penitentiary for a term of not less than one year nor more than ten years at hard labor.

Sec. 471. REMOVAL OF MEMBERS OF EXAMINING BOARD; REELECTION: The governor of the state of North Dakota may, for good cause shown, and upon the recommendation of three-fourths of the members of the Board of Medical Examiners, remove any member of such board for misconduct, incapacity or neglect of duty. No member of such board shall serve thereon for more than two full consecutive terms.

Digest of Law and Board Rulings

EXAMINATIONS—January and July at the University of North Dakota, Grand Forks.

FEES—Registration, $25; reciprocity, $50, except where the applicant's state exacts a higher fee, in which case a similar fee is charged.

COUNTY REGISTRATION REQUIRED—Licenses must be recorded in the office of the recorder of deeds of the county.

RECIPROCITY — Reciprocal relations have been established with:

Arkansas
California
Illinois
Indiana
Iowa
Kansas
Kentucky
Louisiana
Maine
Michigan
Montana
Nebraska
New Hampshire
South Dakota
Texas
Vermont
Washington
West Virginia
Wisconsin

Physicians who hold certificates of the National Board of Medical Examiners will be licensed without further examination.

EXECUTIVE OFFICER—Dr. Geo. M. Williamson, 526 Belmont Road, Grand Forks.
